

GSA Label Program

- To order labels, contact LSI at 1-866-574-8724 or 1-859-887-9633, ext 223.
- The Label pricing and Sticker pricing are in the table below. Each label has a serial number that can be tracked.
- Recertification forms are included with every purchase.
- Once you have inspected a container, complete the recertification form, sending the original back to LSI, placing one copy in the container and retaining one for the inspector's records.
- Remember, only the certified inspector can inspect and approve containers. The certification is not for everyone working in a locksmith shop or department.

Label	Part Number	Price
